

Senior ROBLOX Programmer

Job Title: Senior ROBLOX Programmer

Company: Leco Studio

Location: HCMC, Vietnam

Type: Full-time

About Leco Studio:

Leco Studio is a game development studio focused on creating immersive gaming experiences on Roblox.

Job Description:

As a valuable member of our development team, contributing to the creation of exciting Roblox games. You will work closely with junior programmers to oversee the growth and the development of our games.

Key Responsibilities:

- Take lead in implementing game features and functionality.
- Write clean, efficient, and well-documented code using LUA.
- Collaborate with designers and other team members to ensure the game meets the desired specifications.
- Test and debug code to identify and fix errors.
- Learn and adapt to new programming languages and technologies as needed.

Qualifications:

- Strong understanding of programming fundamentals, including data structures, algorithms, and object-oriented programming.
- Experience with LUA for at least 2 years
- Ability to learn and adapt to new programming languages and technologies quickly.
- Strong problem-solving and debugging skills.

- Good communication and teamwork skills.
- Minimum 2 years working for a Roblox development company/studio

Requirements:

- Language (Spoken): English
- Experience with user-generated content (especially Roblox)

Benefits

- Competitive salary and benefits package.
- Opportunities for professional growth and development.
- A collaborative and supportive work environment.
- The chance to work on exciting and innovative game projects

Location and Working Hour:

- Location: 71 Bui Ta Han, An Phu, Thu Duc City.
- Working hour: 9h - 17h30 on Monday - Friday
